#### 12. Voting through electronic means

- I. In compliance with provisions of Section 108 of the Companies Act, 2013, Rule 20 of the Companies (Management and Administration) Rules, 2014 as amended by the Companies (Management and Administration) Amendment Rules, 2015 and regulation 44 of the Listing obligation and disclosure regulation, the Company is pleased to provide members facility to exercise their right to vote on resolutions proposed to be considered at the Annual General Meeting (AGM) by electronic means and the business may be transacted through e-Voting Services. The facility of casting the votes by the members using an electronic voting system from a place other than venue of the AGM ("remote e-voting") will be provided by Central Depository Services (India) Limited (CDSL).
- II. The facility for voting through ballot paper shall be made available at the AGM and the members attending the meeting who have not cast their vote by remote e-voting shall be able to exercise their right at the meeting through ballot paper. The members who have cast their vote by remote e-voting prior to the AGM may also attend the AGM but shall not be entitled to cast their vote again.
- III. The process and manner for remote e-voting are as under:
- (i) The remote e-voting period commences on 12<sup>th</sup>December, 2020 (9:00 am) and ends on 14<sup>th</sup>December, 2020 (5:00 pm). During this period members of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date of 11<sup>th</sup> December 2020, may cast their vote by remote e-voting. The remote e-voting module shall be disabled by CDSL for voting thereafter. Once the vote on a resolution is cast by the member, the member shall not be allowed to change it subsequently.
- (ii) The shareholders should log on to the e-voting website www.evotingindia.com during the voting period
- (iii) Click on "Shareholders" tab.

- (iv) Now Enter your User ID
  - a. For CDSL: 16 digits beneficiary ID,
  - b. For NSDL: 8 Character DP ID followed by 8 Digits Client ID,
  - c. Members holding shares in Physical Form should enter Folio Number registered with the Company, excluding the special characters.
- (v) Next enter the Image Verification as displayed and Click on Login.
- (vi) If you are holding shares in demat form and had logged on to <a href="www.evotingindia.com">www.evotingindia.com</a> and voted on an earlier voting of any company, then your existing password is to be used.
- (vii) If you are a first time user follow the steps given below:

For Members holding shares in Demat Form and Physical Form

PAN Enter your 10 digit alpha-numeric PAN issued by Income Tax Department (Applicable for both demat shareholders as well as physical shareholders)

- Members who have not updated their PAN with the Company/Depository Participant
  are requested to use the first two letters of their name and the 8 digits of the sequence
  number in the PAN field.
- In case the sequence number is less than 8 digits enter the applicable number of 0's before the number after the first two characters of the name in CAPITAL letters. Eg. If your name is Ramesh Kumar with sequence number 1 then enter RA00000001 in the PAN field.

DOB Enter the Date of Birth as recorded in your demat account with the depository or in the company records for your folio in dd/mm/yyyy format

#### Bank Account Number (DBD)

Enter the Bank Account Number as recorded in your demat account with the depository or in the company records for your folio.

- Please Enter the DOB or Bank Account Number in order to Login.
- If both the details are not recorded with the depository or company then please enter the member-id / folio number in the Bank Account Number details field as mentioned in above instruction (iv).
- (viii) After entering these details appropriately, click on "SUBMIT" tab.
- (ix) Members holding shares in physical form will then directly reach the Company selection screen. However, members holding shares in demat form will now reach 'Password Creation' menu wherein they are required to mandatorily enter their login password in the new password field. Kindly note that this password is to be also used by the demat holders for voting for resolutions of any other company on which they are eligible to vote, provided that company opts for evoting through CDSL platform. It is strongly recommended not to share your password with any other person and take utmost care to keep your password confidential.
- (x) For Members holding shares in physical form, the details can be used only for e-voting on the resolutions contained in this Notice.
- (xi) Click on the EVSN for the relevant Company Name i.e., RADHIKA EXPORTS LTD on which you choose to vote on which you choose to vote.

- (xii) On the voting page, you will see "RESOLUTION DESCRIPTION" and against the same the option "YES/NO" for voting. Select the option YES or NO as desired. The option YES implies that you assent to the Resolution and option NO implies that you dissent to the Resolution.
- (xiii)Click on the "RESOLUTIONS FILE LINK" if you wish to view the entire Resolution details.
- (xiv)After selecting the resolution you have decided to vote on, click on "SUBMIT". A confirmation box will be displayed. If you wish to confirm your vote, click on "OK", else to change your vote, click on "CANCEL" and accordingly modify your vote.
- (xv) Once you "CONFIRM" your vote on the resolution, you will not be allowed to modify your vote.
- (xvi)You can also take out print of the voting done by you by clicking on "Click here to print" option on the Voting page.
- (xvii)If Demat account holder has forgotten the same password then Enter the User ID and the image verification code and click on Forgot Password & enter the details as prompted by the system.
- (xviii)Shareholders can also cast their vote using CDSL's mobile app m-Voting available for android based mobiles. The m-Voting app can be downloaded from Google Play Store, Apple and Windows phone. Please follow the instructions as prompted by the mobile app while voting on your mobile.

(xix)Note for Institutional Shareholders and Custodians:

- Institutional shareholders (i.e. other than Individuals, HUF, NRI etc.) and Custodians are required to log on to https://www.evotingindia.com and register themselves as Corporate.
- A scanned copy of the Registration Form bearing the stamp and sign of the entity should emailed to helpdesk.evoting@cdslindia.com.

### Independent Auditors' Report

To,
The Members of Radhika Exports Limited

#### Report on the Audit of the Ind AS Financial Statements

#### Opinion

We have audited the accompanying Ind AS financial statements of "Radhika Exports Limited" ("the Company"), which comprise the Balance Sheet as at 31st March 2020, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the Ind AS financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company, as at 31st March, 2020, and their profit, total comprehensive income, their cash flows and statement of changes in equity for the year ended on that date.

#### **Basis for Opinion**

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Ind AS Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India, and we have fulfilled our ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Management's Responsibility for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the preparation of these Ind AS financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and statement of changes in equity of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation of maintenance of adequate internal financial controls, that were operating differtively in maintenance of adequate internal financial controls, that were operating differtively in

ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the Ind AS financial statements by the Directors of the Company, as aforesaid.

#### Auditor's Responsibility

Our responsibility is to express an opinion on these Ind AS financial statements based on our audit. In conducting our audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the consolidated Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Board of Directors, as well as evaluating the overall presentation of the Ind AS financial statements.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in first sub-paragraph of the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

#### Report on Other Legal and Regulatory Requirements

- 1. As required by the Companies (Auditor's Report) Order, 2016("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, based on our audit we give in the "Annexure A" a statement on the matters specified in paragraph 3 and 4 of the Order.
- 2. As required by Section 143(3) of the Act, based on our audit, we report, to the extent applicable, that:

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the Ind AS financial statements of the Company as of and for the year ended 31st March, 2020, we have audited the internal financial controls over financial reporting of Radhika Exports Limited (hereinafter referred to as "the Company"), which is company incorporated in India, as of that date.

#### Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting with reference to theses financial statements.

## Meaning of Internal Financial Controls over Financial Reporting With Reference to these Financial Statements

A company's internal financial control over financial reporting with reference to these financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial

control over financial reporting with reference to these financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting With Reference to these Financial Statements

Because of the inherent limitations of internal financial controls over financial reporting with reference to these financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these financial statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to these financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### Opinion

In our opinion to the best of our information and according to the explanations given to us, has, in all material respects, an adequate internal financial controls system over financial reporting with reference to these financial statements and such internal financial controls over financial reporting with reference to these financial statements were operating effectively as at 31st March, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

## 1. Corporate information

Radhika Exports Limited ('The Company") having CIN No. – L51391WB1980PLC032991 and its registered office at 16 INDIA EXCHANGE PLACE KOLKATA WB 700001 IN, India is a public limited Company incorporated and domiciled in India.

## 2.1 Basis of preparation

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015(the Rules).

For all periods up to and including the year ended 31<sup>st</sup> March, 2019, the Company prepared its financial statements in accordance with accounting standards notified under the section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP)

These financial statements for the year ended 31<sup>st</sup> March, 2020 are the first time the Company has prepared in accordance with Indian Accounting Standards ("Ind-AS") consequent to the notification of the Rules issued by the MCA. Further, in accordance with the Rules, the Company has restarted its Balance Sheet as at 1<sup>st</sup> April, 2018 and financial statements for the year ended and as at 31<sup>st</sup> March, 2019 also as per Ind\_AS. For preparation of opening balance sheet under Ind-AS as at 1<sup>st</sup> April, 2018, the Company has availed exemptions and first time adoption policies in accordance with Ind-AS 101 "First-time Adoption of Indian Accounting Standards", the details of which have been explained thereof in the "Footness to Reconciliation of Equity".

### **Estimates**

The estimates at 1st April 2018 and at 31st March, 2019 are consistent with those made for the same dates in accordance with Indian GAAP (after adjustments to reflect any differences in accounting policies). Consequent to Company's transition to Ind-AS as explained in basis of preparation paragraph above, following are accounted for the first time in these financial statements and hence estimates for these items are based on conditions existing on the respective Balance Sheet dates:

The Company has exercised the option to measure investment in equity instruments, not held for trading at FVTOCI in accordance with Ind AS 109. It has exercised this irrevocable option for its class of unquoted equity shares. The option renders the equity instruments elected to be measured at FVTOCI non recyclable to Statement of Profit & Loss.

The estimates used by the Company to present these amounts in accordance with Ind-AS reflect conditions at 1<sup>st</sup> April, 2018. The date to transition to Ind-AS and as of 31<sup>st</sup> March, 2019.

## 2.2 Summary of Significant Accounting Policies

## Basis of classification of Current and non-current

Assets and liabilities in the Balance Sheet have been classified as either current or non-current based upon the requirements of Schedule III to the Companies Act, 2013.

An asset has been classified as current if (a) it is expected to be realized in, or is intended for sale or consumption in the Company's normal operating cycle; or (b) it is held primarily for the purpose of being traded; or (c) it is expected to be realized within twelve months after the reporting date; or (d) it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date. All other assets have been classified as non-current.

A liability has been classified as current when (a) it is expected to be settled in the Company's normal operating cycle; or (b) it is held primarily for the purpose of being traded; or (c) it is due to be settled within twelve months after the reporting date; or (d) the Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date. All other liabilities have been classified as non-current.

An operating cycle is the time between the acquisition of assets for processing and their realization in cash or cash equivalents. The Company does not considered it operating cycle to be 12 months.

### Fair value measurement

The Company measures certain financial instruments at fair value at each reporting date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability
   The principal or the most advantageous market must be accessible by the Company.

   The fair value of an asset or a liability is measured using the assumptions that market
   participants would use when pricing the asset or liability, assuming that market participants act
   in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use.

For the purpose of fair value disclosures, the company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

## Revenue Recognition

Revenue, if any, from sale of goods will be recognized upon passage of title to the customers which would generally coincide with delivery thereof. Claims, due to uncertainty in realization, are accounted for on acceptance/cash basis.

Interest income, if any, will be recognized on a time proportion basis taking into account the amount outstanding and rate applicable. Dividend income is recognised in the Statement of Profit and Loss when the right to receive dividend is established.

Profit on sale of investments is recorded on transfer of title from the Company and is determined as the difference between sale price, carrying value of Investment and other incidental expenses.

## Retirement Benefits and other employee benefits

Retirement benefit in the form of Gratuity is a defined contribution scheme and the contributions are charged to the Statement of Profit and Loss of the year when an employee renders the related service. There are no obligations other than the contributions payable to the respective trusts/funds. Short term Employee Benefits are recognised at the undiscounted amount as pense for the year in which the related service is rendered.

## **Borrowing Costs**

Borrowing Costs (including other ancillary borrowing cost) directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

## **Taxation**

Provision for current Income Tax is made on the taxable income using the applicable tax rules and tax laws. Deferred Tax, if any, arising on account of timing difference and which are capable of reversal in one or more subsequent period is recognized using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date. Deferred tax assets, if any, subject to consideration of prudence are recognized and carried forward only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized.

## **Earning Per Share**

Earnings per share is calculated by dividing the net profit or loss before OCI for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit or loss before OCI for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

## Property, Plant & Equipment

Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation and impairment, if any. Cost comprises of purchase price and any attributable cost of bringing the asset to its working condition for its intended use. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives.

Under the previous GAAP (Indian GAAP), property, plant and equipment were carried in the balance sheet on cost. The Company has elected to regard those values as deemed cost at the date of transition.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

## **Depreciation on Tangible Fixed Assets**

Depreciation on Fixed Assets is provided on basis over the useful life of respective assets as prescribed in Schedule II of the Companies Act, 2013.

## Impairment of non-financial assets

The company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating units (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or Company's assets. When the carrying amount of an asset or CGU exceeds it recoverable amount, the asset is considered as impaired and is written down to its recoverable amount.

Impairment losses are recognised in the statement of profit and loss.

## **Provisions**

Provisions are recognised when, as a result of a past event, the Company has a legal or constructive obligation; it is probable that an outflow of resources will be required to settle the obligation; and the amount can be reliably estimated. The amount so recognised is a best estimate of the consideration required to settle the obligation at the reporting date, taking into account the risks and uncertainties surrounding the obligation. In an event when the time value of money is material, the provision is carried at the present value of the cash flows estimated to settle the obligation.

## **Financial Instruments**

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

## Financial assets

## Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

## Subsequent measurement

For purpose of subsequent measurement, financial assets are classified in three categories:

- (a) Debt instruments at amortised cost
- (b) Debt instruments, derivatives, equity instruments and mutual fund investments at fair value through profit or loss (FVTPL)
- (c) Equity instruments measured at fair value through other comprehensive income (FVTOCI)

## Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- (a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- (b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in interest income in the profit or loss.

Debt instruments, derivatives, equity instruments and mutual fund investments at fair value through profit or loss (FVTPL)

All derivatives and mutual fund investments in scope of IND AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. Equity instruments included within FVTPL category are measured at fair value with all changes recognized in the Statement of Profit & Loss.

## Equity instruments measured at fair value through the comprehensive income (FVTOCI)

For all equity instruments other than the ones classified as at FVTPL, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instruments, excluding dividends, are recognised in the OCI. There is no recycling of the amounts from OCI to Profit & Loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

## Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the balance sheet) when the rights to receive cash flows from the asset have expired.

## Impairment of Financial assets

The company measures the expected credit loss associated with its assets based on historical trend, industry practices and the business environment in which the entity operates or any other appropriate basis. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

## **Financial Liabilities**

## Initial recognition and measurement

Financial liabilities are reclassified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, financial guarantee contract payables, or derivative instruments. All financial liabilities are recognised initially at fair value end, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

## Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

## Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.

Gains or losses on financial held for trading are recognised in the statement of profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition and only if the criteria in IND AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/losses attributable to changes in own credit risks are recognised in OCI. These gains/loss are not subsequently transferred to P&L. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit or loss. The Company has not designated any financial liability as at fair value through profit and loss.

## Loans & Borrowings

This is the category most relevant to the Company. After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

## Cash and Cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

## **Contingent Liabilities**

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

### **26 FAIR VALUE HIERARCHY**

The Fair value of the financial assets and financial liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following table provides the fair value measurement hierarchy of the Company's assets and liabilities. The financial instruments are categorized into three levels based on the inputs used to arrive at fair value measurements as described below:

LEVEL 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

LEVEL 2: Inputs other than the quoted prices included within LEVEL 1 that are observable for the asset or liability, either directly or indirectly.

LEVEL 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The management assessed that cash and cash equivalents, trade receivables, trade payables, and other current liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The method and assumption used to eliminate the fair values of the quoted equity shares is Market Value.

## 27 CAPITAL RISK MANAGEMENT

The Company aim to manages its capital efficiently so as to safeguard its ability to continue as a going concern and to optimize returns to our shareholders.

The capital structure of the Company is based on management's judgement of the appropriate balance of key elements in order to meet its strategic and day-to-day needs. We consider the amount of capital in proportion to risk and manage the capital structure in light of changes in economic conditions and the risk characteristics of the underlying assets. The Company will take appropriate steps in order to maintain, or if necessary adjust, its capital structure.

### 28 FINANCIAL RISK MANAGEMENT

## Financial risk management objectives and policies

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company's financial risk management policy is set by the Board OF Directors.

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, equity prices and other market changes that affect market risk sensitive instruments. The Company's market risk is managed by its management, which evaluates and exercises independent control over the entire process of market risk management.

## Market Risk-Interest Rate Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises risk such as: interest rate risk, equity price risk. Financial instruments affected by market risk include loans and borrowing, and investments.

## a. Interest Rate Risk and Sensitivity

The Company's exposure to the risk of changes in market interest rates relates primarily to the long term debt obligations.

## b. Equity price risks

The Company's listed equity securities are susceptible to market price risk arising from uncertainties about future values of the investment securities. The Company manages the equity price risk through diversification and by placing limits on individual and total equity instruments.

## Credit risk

Credit risk is the risk that the counter party will not meet its obligation under a financial instruments or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities.

The Company extends credit to customers in normal course of business. The Company considers factors such as credit track record in the market and past dealings for extension of credit to customers. The Company monitors the payment track record of the customers.

## **Liquidity Risk**

Liquidity Risk is the risk that the company may not be able to meet its present and future cash obligations without incurring unacceptable losses. The Company monitors its risk to a shortage of funds by managing own sources of fund and short term loans from Holding Company.
